

2009 Summer Playground Report

	Registration	Average Daily Attendance
Green Acres	64	20-30
Lindberg	94	30-40
Devonshire	22	15-20
Laubach	102	30-40

The daily average attendance at all of the parks was basically consistent with last year. There has still been no requests for the re-opening of River Road Park for the program which was closed last year for lack of attendance. After such a rainy start to the month of June the weather cleared in time for the program and we did not have any rain cancellations for the entire program.

Sports Clinics

Tennis: Jessica Albright returned as the tennis clinic instructor this year and once again did a great job. The clinics were well attended at both locations.

Arts and Crafts: Antonella Di Matteo was our Arts and Crafts instructor again this year. Antonella split her duties with Arts and Crafts two days a week and as Head Counselor at Laubach Park three days a week. Arts and Crafts remains one the favorite events in the program and is always well attended.

Special Programs

Movie Nights: This year we had the movie Madagascar 2. It was shown at both Laubach Park and Green Acres Park. Movie Nights continue to a favorite activity by the program's participants.

Park Day: Park Day was held at Lindberg Park and was a lot of fun. This year's attendance was about 100 children. Bus service was provided from Laubach, and Devonshire Parks. As in the past years there were relay races, field events, scavenger hunts and water games. Ribbons and candy prizes were awarded and the day concluded with hot dogs, soda, chips, and "goody bags". It was an enjoyable day for both the staff and children. A representative from the Salisbury Press attended. As in the past the public works employees were invited for lunch as our way of thanking them for all the assistance and hard work.
