### **Public Comments**

Zach Reinhart, Boy Scout with Troop 5 in Allentown, attended this meeting as he is working on his Eagle Scout badge. His topic is in respect to environmental pollution and how people are working together to help correct this issue. He would like to incorporate birds into his topic and how birds assist the environment for the better. Ms. Sopka gave him a brief review of Bird Town and what birds do for the environment. She will provide him literature for his project. She also advised him to review the Townships Natural Resource Inventory (NRI) which will provide him additional information on environmental protection. Ms. Sopka welcomed him to contact her for an appointment to review his project.

Commissioner Ackerman recommended Walking Purchase Park for a topic. It is a beautiful park but has a lot of illegal dumping. Ms. Sopka provided him a brief history of the park and the clean-up projects that have been taking place.

Discussion ensued between the EAC members and Mr. Reinhart in regards to offering him information for composting, electronic recycling, household hazardous wastes, and environmental pollution, e.g. the burning of plastic is not allowed and is regulated.

Mrs. Benning recommended Mr. Reinhart come to the Earth Day Event in May, as she believes there will be plenty of information for him to assist him on his Eagle Scout project.
