NEW BUSINESS:

- The STEAC meeting is being held to allow for the appointed EAC representatives an opportunity to share information about items that might be of interest to the group.
- The STEAC is involved with addressing the issues associated with the requirements of United States Environmental Protection Agency that requires reporting on the (MS4) Municipal storm sewer system management program as required by the Public Education and Public Outreach relative to MS4.

- A copy of the Salisbury Township Environmental Advisory Council Tracking Log and Journal has been provided and relates to 2015 up to 2016. This Tracking Log will need the EAC to update the information from 2016 up to 2018.

- Here is a listing of outstanding MS4 items needed for the next report due in June, 2019.
 - a. MCM 1 BMP – what were the plans and goals for public education and outreach for the reporting period? Did the MS4 achieve its goals for the (PEOP) during the reporting period.

 - b. MCM 2 BMP – report instances of cooperation and participation in MS4 activities; presentation the permittee made to local watershed and conservation organizations; similar instances of participation or coordination with organizations in the community.

 - c. MCM 3 BMP – Report activities in which members of the public assisted or participated in the meetings and implementation of the SWMP, including education activities or efforts such as cleanups, monitoring, storm drain stenciling or other activities.
